

Nick Mealy, Trestle Glen area of Oakland, native plant list, Spring, 2019

Note: the native plants in our garden are almost entirely concentrated in the backyard. From the front yard aside from a couple ferns, some coreopsis, vancouveria, columbine, it doesn't look like much. Then even the side yard is actually non-native flower garden. It's the backyard that is the native garden though.

Trees

Quercus agrifolia x2 Coast Live Oak. One very large and old.
Cercis occidentalis (Western Redbud) planted 2009 (9')
Heteromeles Arbutifolia (Toyon) planted 2009 (14')
Sambucus Mexicanus x2 (Elderberry) 1 planted 2009 (9'), 1 planted 2016 (14').
Ceanothus griseus x2 (Ray Hartmann) planted 2009 and 2016
Acer circinatum x2 (Vine Maple) planted 2009 and 2016
Arctostaphylos densiflora (sentinel Manzanita) planted ~2010
Arctostaphylos (Dr. Hurd manzanita) planted 2019
Ceanothus (Julia Phelps) planted 2011
Aesculus californica (CA Buckeye) planted 2016
Quercus Lobata (Valley Oak) planted 2016
(4 camellia trees remain, plus about 4 bushes in a hedge in front yard. Boo)

Ferns

Adiantum jordanii (maidenhair fern)
Adiantum aleuticum (5 finger fern)
Dryopteris (Wood Fern) x2
Polypody ferns (although I'm not sure they will come back)

Ground Covers

Yerba Buena
Oxalis oregana (Redwood Sorrel)
Lippia nodiflora
Ceanothus Griseus (carmel creeper, prostrate)
Arctostaphylos uva-ursi Kinnikinnick
smilacina stellata (False Solomon's seal – only a couple return every year though)

Shrubs, small plants

sidalcea malviflora x3 or 4 (Checker Mallow)
Symphoricarpos (Snowberry)
Asclepias fascicularis, California Narrowleaf Milkweed
Asclepias californica
Ribes aureum (golden currant)
Ribes sanguineum glutinosum (Pink Flowering Currant)
Phacelia
Achillea Millefolia (Yarrow)
Solidago californica (2 varieties here)
California Fuchsia
Penstemon
Aquilegia Formosa (Western Columbine)

Rubus ursinus (blackberry)
Chilean Aster
Lessingia Filaginifolia (Silver carpet)
Cow parsnip
Holodiscus Discolor (Cream bush)
California wood rose
Oenothera hookeri (Hooker's evening primrose)
Iris douglasiana
Mimulus aurantiacus (sticky monkeyflower)
Mimulus cardinalis
Sticky cinquefoil
Verbena lilacina 'De La Mina' (not really N CA native I think)
Beach Primrose (Southern CA native, in containers)
Vancouveria hexandra (inside-out flower) (not technically native this far south)
Eriogonum latifolium
erionogonum fasciculatum
Salvia spathacea (Hummingbird sage)
Monardella villosa (Coyote Mint)
Heuchera

Grasses

Sisyrinchium Bellum (Blue Eyed Grass)
Melic grass (x6 maybe)
Festuca Californica

Climbers

lonicera hispidula California honeysuckle
Clematis ligusticifolia
Vitis californica x2 (CA wild grape)

Bulbs

Brodiea

Wildflowers

Clarkia rubicunda
Clarkia unguiculata
California poppy
Globe Gilia
Sky Lupine (may come back, but were decimated by genista broom moth caterpillars)
Nemophila menziesii (Baby blue eyes)
Collinsia heterophylla (Chinese houses)
